## Our New Semi-Automatic Telephone System

Now in use in the city is ten years ahead of the times. Here is how it behaves: As soon as the operator understands the number you are calling you will instantly hear in your receiver the first ring. If your party does not answer this ring you will hear each subsequent ring every nine seconds. You are thus able to ring your party as long as you desire by simply waiting. If the line you are calling is busy you will instantly hear the hum of the busy signal. If you want to call a second number, one motion of the receiver hook will bring a sure response from the operator.

No loss of time. No "butting in" on your connection by the operator. No danger of being shot in the ear by the ringing current. No eavesdropping by the operators. 1550 subscribers.

## ITALY DENOUNCES SINKING OF LINER

A COMMUNICATION ADDRESSED BY ITALIAN GOVERNMENT TO NEUTRAL NATIONS.

### NO WARNING WAS GIVEN

"An Unparalleled Atrocity"—Statement Differs Materially From That of Austrian Government.

Washington. — Secretary Lansing personally received from Macchi di Cellere, the Italian ambassador, a communication addressed by Italy to all neutral nations, denouncing as "an unparalleled atrocity" the sinking of the Italian liner Ancona, with scores of neutrals and other non-combatants aboard.

The statement recites the circumstances of the attack, charging that "without even a blank shot" of warning, from the attacking submarine, the vessel was shelled and that the killing and wounding of passengers continued after the ship had stopped. No reference is made to the nationality of the submarine.

As yet Ambassador Penfield has not been instructed to call at the Vienna foreign office for information, but he probably will be shortly in view of the issuance of a statement by the Austro-Hungarian admiralty describing the attack.

Upon receipt of the facts as stated in Vienna the Washington government will consider whether any rights of American citizens have been violated. The admiralty statement which has been seen by officials here in the press, is at variance with that of Italy. It declares that the Ancona attempted to escape and was stopped only after repeated shelling. Austria further claims that the passengers and crew were given 45 minutes to leave in small boats, and the charge that the submarine fired on the boats is denied.

While officials were disinclined to comment in view of the contradictory information, the general belief is that the entire question of submarine warfare and the obligations of a submarine commander to see that neutrals are in a place of safety before destroying a prize will be taken up by the United States with the Austrian government.

### CHURCHILL MAKES GOOD.

Most Criticised Man in Cabinet Justified Himself Before House.

London.—Winston Spencer Churchill, who has been the most severely criticised member of the Government and who has been held personally responsible for the loss of Rear Admiral Sir Christopher Cradock's fleet in the Pacific, the destruction by submarines of the British cruisers Cressy, Hogue and Aboukir, the ill-fated Antwerp expedition and the initiation of the naval attack on the Dardanelles, delivered a speech in his own defense in the House of Commons following the resignation of his post in the Cabinet.

"I won't have it said," was his dramatic assertion referring to the Dardanelles attack, "that this was a civilian plan foisted by a political amateur upon reluctant officers and experts."

And this sums up his reply to all his critics. In every case, he showed that experts had counselled and concurred before any of the expeditions which had been condemned were undertaken, and it was clear, before he had gone far, that the House of Commons sympathized with him.

For months Mr. Churchill has lived under reproaches. His entrance to the House passed almost unnoticed.

### Was Killed Outright.

Washington.—The Supreme Court affirmed the action of the Tennessee Supreme Court in setting aside a judgment against the Carolina, Clinchfield and Ohio Railroad Company in favor of W. N. Showalter, as administrator of the estate of Robert K. Showalter, a fireman killed outright when his train ran into a boulder.

### Must Reinstate Burkitt.

Washington.—President Wilson directed the reinstatement of George Burkitt, the assistant postmaster at Winnetka, Ill., who was dismissed after he had criticised the president's engagement to be married. It was said at the White House that the man would be restored to office regardless of various charges filed against him. Dismissal of Burkitt was ordered recently by assistant Postmaster General Roper on the recommendation of Postmaster Kloepper, at Winnetka.

### Serbiens Captured.

Berlin. via wireless to Sayville.—Announcement was made by the war office of the capture of 8,500 Serbians with 12 cannon. Of these 7,500 prisoners and six cannon were taken by the Bulgarians. Pursuit of the Serbians is being continued all along the front. The war office also announced a defeat of the Russians in Galicia. The troops of General von Linington drove back the Russians from the west bank of the Sty River. The entire west bank has now been cleared.

### Draft Riots.

The only notorious "draft riots" of the Civil war took place July 13, 14, 15 and 16, 1863, in New York city. It is estimated that more than a thousand men were killed, and property worth \$1,500,000 was destroyed in the four days. The draft was resumed, however, on August 19, and was completed in ten days without resistance. There were slight disturbances in Boston on the night of July 15, in Portsmouth, N. H., and in Holmes county, Ohio. In Philadelphia and Chicago prominent Unionists asked the president to postpone the draft, and it was avoided in Illinois until the next year.

### Baseball 4,000 Years Old.

It is now believed that Egypt is the birthplace of the original ball game. How it was played history does not record. Recent excavations made near Cairo have brought to light a number of small balls, some of leather and others of wood, dating back to at least 2000 B. C. These are the oldest balls of this sort known.

## Indigestion May Be Due to Constipation

Neglect of Important Function May Seriously Impair the Health.

BENJ. BASSIN.

There are many people who believe they suffer from indigestion when their discomfort really is due to a constipated condition.

Bloat, with its attendant mental depression, sick-headache, the belching of sour stomach gases, etc., are frequently due to inaction of the bowels. Relieve the congestion and the trouble usually disappears. The use of cathartics and purgatives should be avoided, however; these shock the system unnecessarily and, at best, their effect is but temporary. A mild laxative is far preferable.

The compound of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin and sold in drug stores for fifty cents a bottle, is highly recommended. Mr. Benj. Bassin, 260 Madison St., Gary, Ind., thinks Dr. Caldwell's Syrup Pepsin a wonderful medicine; for four years he had a severe case of indigestion and constipation before trying Dr. Caldwell's Syrup Pepsin, which he is glad to recommend to all who suffer

with stomach and bowel trouble. A bottle of Dr. Caldwell's Syrup Pepsin should be in every home for use when occasion arises. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 203 Washington St., Monticello, Ill.

## How to Heal Skin Diseases

A Baltimore doctor suggests this simple, but reliable and inexpensive, home treatment for people suffering with eczema, ringworm, rashes and similar itching, burning skin troubles.

At any reliable druggist's get a jar of resitol ointment and a cake of resitol soap. These are not at all expensive. With the resitol soap and warm water bathe the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very gently, spread on a thin layer of the resitol ointment, and cover with a light bandage—if necessary to protect the clothing. This should be done twice a day. Usually the distressing itching and burning stop with the first treatment, and the skin soon becomes clear and healthy again.

## WHY "ANURIC" IS AN INSURANCE AGAINST SUDDEN DEATH! Sufferers from Backache, Rheumatism and Kidney Trouble

Before an Insurance Company will take a risk on your life the examining physician will test the urine and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or the twinges and pains of lumbago, rheumatism and gout. The urine is often cloudy, full of sediment; channels often get sore and sleep is disturbed two or three times a night. This is the time you should consult some physician of wide experience—such as Dr. Pierce, of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Send him 10 cents for sample package of his new discovery—"Anuric." Write him your symptoms and send a sample of urine for test.

Experience has taught Dr. Pierce that "Anuric" is the most powerful agent in dissolving uric acid, as hot water melts sugar, besides being absolutely harmless and is endowed with other properties that preserve the kidneys in a healthy condition by thoroughly cleansing them. Checks the degeneration of the blood-vessels, as well as regulating blood pressure. "Anuric" is a regular insurance and life-saver for all big meat eaters and those who deposit lime-salts in their joints. Ask the druggist for "Anuric" put up by Dr. Pierce, in 50-cent packages. Dr. Pierce's Favorite Prescription makes weak women strong, sick women well, no alcohol. Sold in tablets or liquid.

**Not Profitable.**  
"Dauber says he lives only for his art."  
"Well, he certainly doesn't live from it."

The trick in building submarines is not in making the craft go down, but in bringing it to the surface again—by its own mechanism.

Talking around the world by wireless is now believed a possibility. What joy for some of our statesmen who like to hear themselves.

An Ohio judge says crime is a disease. And the doctors come right back at him with the pronouncement that most disease is a crime.

"Fashion," says an authority, "is a state of mind." What horrible mental disorders some of those designers of late styles must be suffering from!

The crowned heads of Europe apparently put more credence in war dispatches than the average newspaper reader. Else, why do they congratulate each other?

A Spanish astronomer has discovered a planet having a rapid retrograde motion. And there are some parts of this planet that seem to be going backward, too.

A single order for \$15,000,000 worth of artificial limbs is said to have been placed in this country by the allies. At this rate, what are we going to do for railroad ties and toothpicks?

The first trousers were made by a London tailor in 1815. And the fittest of them seem to still survive, judging by the ancient specimens now and then displayed in public on the street.

The Toledo Blade says you can't make a man who never ate hamburger cheese believe it doesn't taste like it smells. Those who do eat it know better. They know that it smells like it tastes.

**The Limit.**  
"For a camel to go through the eye of a needle is considered about the limit of impossibility, isn't it?"  
"Oh, I don't know. It's no more impossible than for a collar button to slip out of one's fingers and roll toward the middle of the floor."

**Used Whenever Quinine is Needed Does Not Affect the Head**

Because of its tonic and laxative effect LAXATIVE BROMO QUININE will be found better than ordinary Quinine for any purpose for which Quinine is used. Does not cause nervousness nor ringing in head. Remember there is only one "Bromo Quinine." That is Laxative Bromo Quinine. Look for signature of E. W. Grove, M.D.—Adv.

**No Good.**  
"Almost everybody has a skeleton in the closet."  
"Yes; but what good is that to the neighbors? They always keep the door shut and locked."

Dr. Pierce's Pleasant Pellets are the original little liver pills put up 40 years ago. They regulate liver and bowels.—Adv.

And a little widow with a dimple is a dangerous thing.
